1. Only qualification of an equivalent or higher level studies at the College, local or overseas institutions will be considered for advanced standing, course exemption and credit transfer. Applications for advanced standing, course exemption and credit transfer are to be approved by the Academic Regulations Committee in consulting with relevant Programme Committee and/or academic departments.
2. Normally, only students holding post-secondary qualifications obtained from tertiary level studies or other equivalent studies completed within the past eight years prior to the year of admission to the programme will be considered for granting advanced standing, course exemption and credit transfer.
3. The number of credit points from advanced standing/exempted/transferred will not exceed 50% of the total credit points of the programme. Tuition fee has to be paid in full, irrespective of the number of courses being exempted or credits transferred.
4. **Advanced standing** (also known as 'Block Credit Transfer') will be granted to applicants who have already completed a recognized and relevant programme at the College or other institution before admission to the College's programme. Upon approval for advanced standing, the credits obtained from the recognized courses will be transferred to the programme of study and the minimum programme requirements in credits will be reduced. Students may be allowed to complete the programme within a shorter period of time if so determined by the College. Students who are admitted with advanced standing will not be eligible for credit transfer or course exemption at a later stage on the basis of their entry qualifications. Students are still required to pay the full tuition fee.

**Course Exemption** is granted to a student for course(s) completed in other institutions, which may be considered equivalent or comparable with the course(s) required by the programme. If the application is approved for the exempted course(s) and credits are granted by the exempted course(s), the student will be exempted from taking the course(s) and will need to take course(s) of the same credit units as replacement. The grade(s) received for the course(s) taken for the programme are shown in the transcript and counted towards the calculation of Programme GPA. The numbers of credit units exempted are recorded on the transcript.

**Credit Transfer** is granted to a student for equivalent course(s) completed in previous studies at the College or studies in other institutions during his/her study of the programme at the College and will be exempted from taking them. The numbers of transferred credit units are recorded on the transcript, but the grade(s) of the course(s) completed at other institutions shall not be shown on this transcript and not be included in the calculation of the Programme GPA.

5. Before submitting the application form, students can consult the Programme Leader/Programme Co-ordinator or the relevant teaching Department of that course.
6. Students should submit the completed applications forms to the College preferably two weeks before the beginning of the new semester. When submitting applications, students please attach transcripts (of certified true copies)\* and course outline of the course claimed for credit exemption/transfer to the Registry. Late applications without valid reasons will not be processed.
7. Application fee: HK\$50 per course. Fees paid are not refundable regardless of the outcome of the application.
