1-YEAR FULL-TIME / 2-YEAR PART-TIME | 1年全日制 / 2年兼讀制 ❖

Admission to this comprehensive programme does not depend on achieving certain HKDSE results. The Diploma programme not only lays a solid foundation for students in terms of general skills, but also provides an opportunity for them to develop knowledge and skills in 1 of the 4 specialist areas or streams.

Upon completion of the programme, students will have acquired a good foundation on which to base for further studies or to secure employment.

本課程適合HKDSE任何成績的同學修讀，內容全面，既為同學打好通用技能的基礎，及附設專科知識，提供4大範疇供同學選讀。修畢課程後，同學可為將來的升學或就業奠定良好基礎。

❖ The 2-Year Part-Time programme is exclusively offered to students enrolled in the “Caring” stream.

只有「照護」專業學術範疇才可選擇2年兼讀制。

Programme Characteristics 課程特色

Four specialist streams are added to the Programme: "Caring", "Chinese Language, Literature & Culture", "Business" and "Social Service".

專業資格

For the part-time students choosing the "Caring" stream, upon completion of the first-year study and pass of the examinations, they are eligible to apply for the "Combined Health Worker" offered by the Social Welfare Department of the HKSAR Government.
